1. The amendment filed 02 May 06 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows:

In claims 1,4,7 and 10 it is recited that both bearings can be in the vertical portion of the track. This ability cannot be found in the disclosure as originally filed, and furthermore, the drawings (figures 3 and 4) reveal that the vertical portion of the track is not long enough to fit the second bearing.

Applicant is required to cancel the new matter in the reply to this Office Action.

2. Claims 1-4,6-10 and 12-19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention, as established above.

3. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

No prior art rejections are currently applicable against the claims, but this may change once the new matter is removed.

Art Unit: 3724

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
